

2026 City Nature Challenge in Cohasset

- ***What is City Nature Challenge?*** Find and identify as many species as possible in urban and suburban areas in one long weekend, April 24-27, 2026!
- ***Who participates in City Nature Challenge?*** 100,000 people in 669 urban areas on 6 continents!
- ***How does City Nature Challenge help biodiversity?*** Biodiversity data from ordinary people helps scientists understand urban and suburban biodiversity!

You can be a part of this worldwide event! Cohasset Conservation Trust sponsors 3 events in Cohasset as part of the 2026 City Nature Challenge:

Online Intro to City Nature Challenge – Wed., April 22, 7-8 p.m., online Zoom meeting
Learn how to use the iNaturalist app used by the City Nature Challenge to record species.
* Email Katie Holden at holdenkatie@cohassetconservationtrust.org for Zoom link.

Mosses in Great Brewster Woods – Fri., April 24, 3-5 p.m.
Find mosses in the woods, then identify them using a hand lens and maybe even a microscope.
* Meet at entrance sign at Great Brewster Trail (park on Cohasset Common).

Plants of Barnes Wildlife Sanctuary – Sat., April 25, 10-noon
Identify as many plants as possible in the Barnes Sanctuary, along with any other organisms we find.
* Meet at main parking lot for Wheelwright Park, off North Main St.
